BOARD OF DIRECTORS

EDITION NO.
2021-2022

Introduction to the Policy Package

The policies contained herein have been created and adopted by the board.

Governance Process and Board-Management Delegation

These two (2) categories (Governance Process and Board-Management Delegation) are rules for the board's own performance and behavior. The board will regularly judge and evaluate its own performance against the above-noted two (2) categories.

Ends and Executive Limitations

These two (2) categories (Ends and Executive Limitations) are the board's instructions to the staff/organization, through the President. The board will judge and evaluate (over the course of a one-year period) the President's performance against the above-noted two (2) categories of policies. The performance expectations in the Ends and Executive Limitations policies are equivalent to organizational performance.

Use of These Policies

All board members must have a fluent understanding of these policies as the board will usually need to refer to them periodically when working on any particular issue. It is crucial to good governance that all board members know and follow the policies laid out hereafter.
